

WORD CIRCLE PUZZLE #1

At the bottom of this page, I've listed twenty-one items that are found in my poem "A Frog, a Stick" from A PIZZA THE SIZE OF THE SUN. Eight of these items are on the perimeter of this word circle . . . but it's tricky to find them. Start with any letter, and then go forwards or backwards to **every other letter** until you spell one of the words. If you can't spell a word, then start with another letter. Some of the letters may be used more than once, and when you're done, you should have used all the letters. This may be a bit challenging, but it's also lots of fun. I've circled one word to get you started.

- BEETLE WING
